MY SCOOTER

Is a Buddy 125 from the Genuine Scooter Company.
It gets about 90mpg and its top speed is 60+mph.

Yep, you should definitely get one!

Yep, 9,000+ miles.

Nope, no one has ever done this before.

Nope, I'm not lonely out here on the road.

Q-AND-A

Yep, I would love the
number of a good
massage therapist!

THINK ABOUT PEACE...

What is your vision for the world?

It's really a simple thing I want you to do.
Just define Peace for me.

PEACE IS... _____

Define it. Send it to someone—a friend, lover, enemy, even the President. Or keep it...but just be it.

While I'm out here cruising around our vast, beautiful country, think about Peace with me. When I pull into your town, tell me what you came up with.

And don't point one finger, POINT TWO!

share your thoughts online at peacescooter.com
